

MULTIGRADE ENGINE OIL (GASOLINE & CNG)

Multigrade Engine Oil (Petrol, CNG & Diesel Light Duty Passenger Car and 3 Wheelers)

DESCRIPTION

MULTIGRADE ENGINE oil is formulated with highly refined base oils and advanced additive packages. It meets the required performance standards of latest gasoline engines, turbo charged and naturally aspirated. It provides effective protection against oxidation, wear and corrosion under high temperature operations and remains a stable multigrade.

APPLICATIONS

- Recommended for all modern vehicles including high performance, turbocharged, multi valve, direct injection gasoline and diesel engines of passenger cars.
- It can also be used for engines where API series category SL and earlier categories are recommended.

BENEFITS

- Excellent engine protection.
- Eliminates seasonal oil changes.
- Improved control of deposit formation excellent shear stability.
- Detergent and dispersant additives keep the engine oil channels clean.
- Highly stable under heavy load and at high temperature.
- Protect the engine against the rusting and corrosion.
- Easy starting while cold and perfect lubrication during hot condition.
- Easy starting during the cold weather and effective lubrication while engine is hot.

PROPERTIES

SAE GRADE	CF/SL 20W40	CH/SL 15W40	CI4/SL 15W40
Density at 15 °C	0.885	0.880	0.887
Viscosity at 40 cst	172	122.9	118.8
Viscosity at 100 cst	18.5	15.7	15.0
Viscosity Index	120	124	127
Flash point	220	212	216
Pour point	-21	-24	-28
TBN	6.0	6.0	7.0
