

## SEACURE 4020, 4040 (Marine Medium Speed Trunk Piston Engine Oil)

(Marine Trunk Piston Engine Oil specially designed for modern Medium Speed 4-stroke Marine Diesel Engines running on Intermediate Fuel Oil (IFO) or Heavy Fuel Oil (HFO) Recommended for medium speed diesel engines in marine, power generation and industrial applications operating on residual fuels)

### DESCRIPTION

SEACURE 4020, 4040 is trunk piston engine oil designed for the lubrication of medium speed diesel engines when a superior detergency property is required. These oils exhibit a high degree of water tolerance and have better water separation and base retention properties. Oils meet the performance requirements of API CF.

### APPLICATIONS

- Turbocharged main and auxiliary engines of all types and all ratings running on Intermediate Fuel oil or on Heavy Fuel oil with high Sulphur content.
- General lubrication of ship board equipment where API CF quality oils are adequate.
- Recommended for medium speed diesel engine in marine, power generation and industrial application on residual fuels.

### BENEFITS

- Excellent thermal oxidation stability.
- Reducing built up of soot & black sludge.
- Extended oil life.
- Very good detergent properties at high temperatures.
- Very good dispersant properties at low temperatures.
- Good wear protection.
- Very good oil film strength at extreme pressures
- Excellent capacity for centrifuging and for separating out water and insoluble.
- Very good neutralizing capability of acidic products of combustion

### PROPERTIES

SAE Grade 40	4040	4020
Density @15°C	0.91	0.900
Viscosity @100°C	14.3	14.2
Viscosity @40°C	144.6	145.1
Viscosity Index	96	95
Flash Point	240	242
Pour Point,	-18	-18
TBN	40	20
